Up / Down Class

Previous Race Distance and Current Race Distance

How Many Days Since Last Start (FTS Means "First Time Starter")

Post Position #

Horse Name

Morning Line

Do you prefer early speed horses? Consider the A1 or A2 horse for your Win bet.
 Do you prefer late speed horses? Consider the B1 or B2 horse for your Win bet.
 Do you prefer horses with a strong overall past performance? Consider the C1 or C2.
 The C1 and C2 horses combined win approx. 40% of all races.

The C1, C2, C3 and C4 horses combined win approx. 70% of all races.

The early speed horses (A1 and A2) sometimes win the race despite having low C ratings.

The A1 and A2 horses must be considered whenever they are dropping class.

The longer a layoff, the less likely the horse is ready to race. Normal layoff time span between races is anywhere from 30 to 90 days.

When the C1 horse is overbet as the favorite, sometimes the best bet is a simple Win bet on the C2 horse because the favorite loses approx. 70% of the time.

How To Make A Win Bet: Provide the teller with the **Track Name**, **Race Number**, and the **Amount** you wish to wager on a **Win Bet** for your **Horse Number**.
